

The benefits of planning ahead

By choosing the City of Port Coquitlam cemetery, you can trust that your loved ones will be remembered and cared for the way you wish, now and forever.

You may also want to arrange for your own plot, providing peace of mind for you and your family and protecting you from future price increases.

Prearrangement allows you to make a clear choice about your preferred final resting place, so you know your wishes will be met. It also offers you an opportunity to communicate those wishes to your family and friends. Then at their time of bereavement, they will not be faced with a difficult and potentially costly decision at an emotional time.

Only the cost of the plot is payable when pre-need arrangements are made. Opening and closing costs are payable at the time burial arrangements are made.

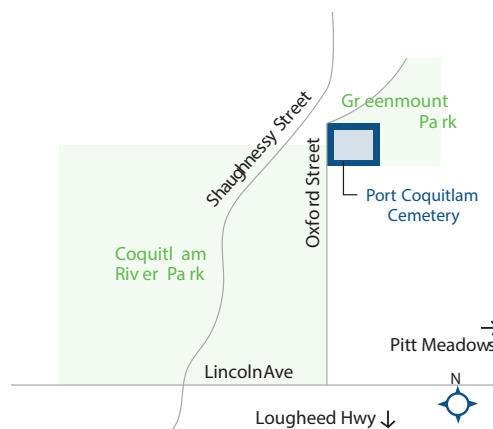

To select an appropriate cemetery plot, call our Cemetery Services staff at 604.927.5251.

The City of Port Coquitlam plans, develops and maintains the City's cemetery. We are dedicated to providing understanding care and exceptional service.

A quiet place to reflect. Memorial benches available.

Cemetery Services

2025 Cemetery Fees

CREMATION

Practiced for over 6,000 years, cremation has been gaining popularity in Canada over the last several decades. It is now preferred over casket burial by a large majority of British Columbians, and the Port Coquitlam cemetery has expanded our services for memorializing cremated remains.

Scattering Garden & Memorial Book

The cemetery has created tranquil gardens dedicated to laying to rest a loved one who has been cremated for scattering and inscribing a lasting remembrance in the Memory Book about a departed relative or friend.

Columbarium

In ancient Rome, a columbarium - Latin for dovecote - was a place where birds nested. Today, it's an above-ground vault with niches to provide a dignified resting place for a loved one's cremated remains. The cemetery features a majestic columbarium as another option after cremation.

Other Memorial Options

Unique memorial markers may include boulders, bronze plaques, granite markers and pedestal niches.

BURIAL PLOTS

The cemetery is a serene place for reflecting and remembering the life of a loved one. Caskets and cremated remains are interred in a beautiful park setting, maintained now and forever with pride and care by the City of Port Coquitlam.

IN MEMORIAM

The City offers a range of enduring ways to publicly commemorate your loved one.

Park Bench Memorial or Tree Dedication

The memory of your loved one will live on in the community with a park bench or living tree dedication. Your message will be placed on a plaque, and the bench or tree will beautify our parks for years to come.

The prices below do not include GST.

Interments are conducted between 9 am and 2 pm, Monday to Friday.

Additional fees will be applied for Saturdays, Sundays, statutory holidays and after 2 pm on weekdays. Advance notice of two working days is required for interments.
